

KUDAN LOCAL GOVT. HUNKUYI

KADUNA STATE OF NIGERIA
OFFICE OF THE CHAIRMAN

14TH JULY, 2015.

PRESS RELEASE

I, **Dauda Iliya Abba**, interim Chairman of Kudan Local Government in Kaduna State, hereby announce that henceforth my salary and allowances have been cut downward by 50%. This cost-cutting measure has become imperative considering the economic realities of Kudan Local Government Area.

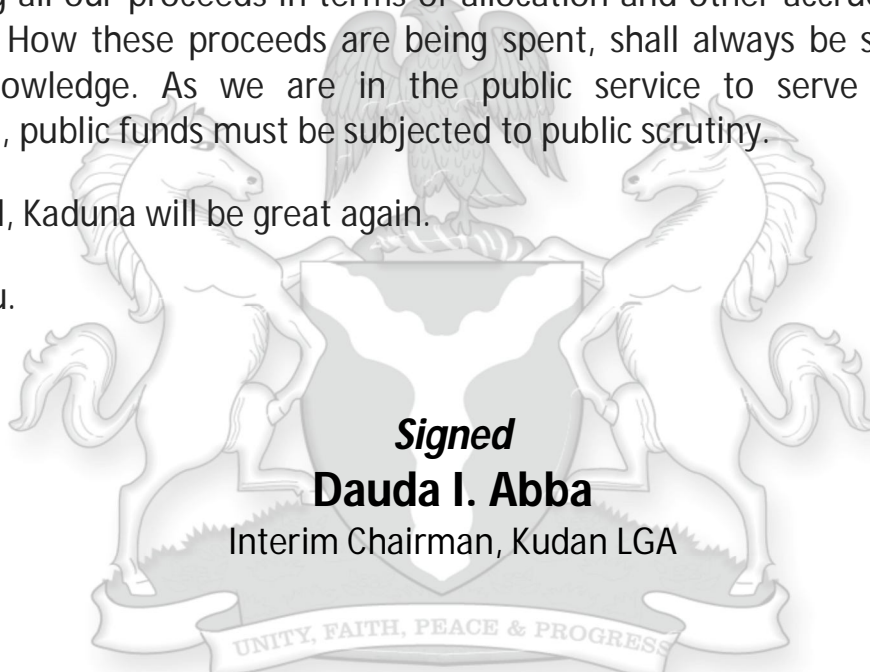

I also appeal to members of my team, particularly the interim councillors to emulate this collective sacrifice as exemplified by our leaders, the President Muhammadu Buhari and our state Governor, Mal. Nasir Ahmad El-Rufai.

This will go a long way in resuscitating our dilapidated infrastructures, as this administration will no longer tolerate wastage and leakages of public funds at the detriment of the overriding interest of the majority that we are here to serve.

In addition, Kudan will lead the way in enhancing transparency in the way the Local Government resources are being spent. As a first step, we shall be publishing all our proceeds in terms of allocation and other accrued revenues regularly. How these proceeds are being spent, shall always be subjected to public knowledge. As we are in the public service to serve the public. Therefore, public funds must be subjected to public scrutiny.

In the end, Kaduna will be great again.

Thank you.

Signed

Dauda I. Abba

Interim Chairman, Kudan LGA
